Step 2: Complete the Self-Certification

Many corporations have specific eligibility requirements that causes must meet for inclusion in their giving, matching, and volunteer programs. We've prepared a Self-Certification process that allows causes to self-certify against these common eligibility requirements. Causes complete it once, renew it annually, and are automatically included in all programs for which they qualify.

- A Click **Certification** on the left-hand side menu.

- B Click **Create New Self-Certification Declaration**.

- C Read through and respond to all the declarations as applicable, enter your contact information, and then click **Submit**.

A screenshot of a form with two numbered questions. Question 1 asks: 'Does Your Organization have all of the licenses and registrations that are required of it by all relevant regulatory authorities in its governing jurisdiction and is Your Organization in compliance with the laws and regulations applicable to it?'. It has two radio button options: 'Yes' and 'No'. Question 2 asks: 'Does Your Organization Discriminate against any person or group of people in its hiring and employment practices, codes of conduct, programs, services or in any other aspect of its operations or activities on the basis of that person or group of people's personal characteristics or attributes?'. Below the question is a paragraph explaining that discrimination includes hiring and employment policies or practices that discriminate against a person or group of people on the basis of their sexual orientation or gender identity, even if such policies and practices are permitted under applicable law. It also has two radio button options: 'Yes' and 'No'.

Step 3: Set up Electronic Disbursements

Benevity disburses 90% of domestic funds and 100% of international funds through Electronic Funds Transfer (EFT/ACH). Thanks to the unparalleled accuracy, reliability and speed of electronic payments, we have the highest rate of funds delivered.

Set up electronic disbursements and receive funds directly to your bank account, no checks required!

Please note: For all organizations outside of the U.S. and Canada, EFT is mandatory.

Click **Donation Method** on the left-hand side menu.

B

Select your preferred donation payment method.

Fill out the form provided with the necessary details. To enable electronic donation payments you will be asked to upload a supporting document so that we can start transferring funds electronically to your bank account.

☒

Electronic Funds Transfer (EFT) Recommended

Receive funds directly to your bank account with email notifications for each disbursement. No check fees, lost checks, unnecessary paper, or minimum payment thresholds.

☐

PayPal

Receive funds electronically via your organization's PayPal account. No check fees.

☐

Check

We do not recommend this method. After three free check disbursements, an administrative surcharge for paper checks will be applied starting with your fourth check. This fee is the greater of either \$25 per check or 7% of the total, up to a maximum of \$100. There is also a \$100 aggregate donation threshold before we will disburse funds via check. **Select EFT or PayPal** to receive disbursements electronically and avoid these check fees and minimum thresholds.

Review your details and click **Submit**. If your application is approved, or if more information is required, you will be notified via email.
